History of the Domaine

Nestled in the heart of Burgundy vineyards, Domaine Comte Senard is located in the small village of Aloxe-Corton, famous for its fine wines and where vineyards have been cultivated for millennia.

In 1857, Jules Senard, great-grandfather of Count Philippe Senard, created the Domaine's monopoly:
The "Corton Clos des Meix".

It is since that time the Clos des Meix, a climat of an area of 2.5ha, has been the Grand Cru Signature of the estate. Over the years, the acquisition of prestigious appellations such as Corton Paulands, Corton Bressandes, and Corton Clos du Roi has increased the reputation of Domaine Comte Senard, which currently covers 9ha.

The Count Senard has presided over the destiny of the estate since 1971 and has personally managed the winemaking. His daughter Lorraine, who was able to confirm her talents as a winemaker, succeeded him in 2005, taking full charge of the estate in 2012. She draws inspiration from previous generations in order to preserve the "Corton Spirit".

An old cellar dating from the 13th century, built by the Benedictine monks of the abbey of Sainte-Marguerite, is located within the property.

It has seen the aging of many wines over the centuries, including those of the estate.

For practical reasons, the place of production left Aloxe-Corton in 1997 to settle in the new cellar in Ladoix-Serrigny at the beginning of 2012.

Today, the head office of the Domaine remains in Aloxe-Corton where we welcome visitors and professionals for visits, tastings, and as well as lunches in the Table d'Hôtes.

Domaine Comte Senard invites you to discover sublime wines of rare Appellations on the Hill of Corton.

You can experience the wines in two different ways: either at the Table d'Hôtes with a lunch accompanied by a wine tasting during the meal, or at the Tasting Cellar located in the Domaine's shop, where passionate sommeliers offer you a warm welcome to present their prestigious range of red wines as well as some white wines.

A short tour of the vineyards, followed by a visit to the Benedictine Cave of the 13th century will ensure your surprise and change of scenery in the heart of a secular heritage.
